## FOREWORD

This is the tenth occasion on which Ascot has sponsored the annual guide to British Flat Pattern and Listed Races and I hope you will agree that the publication continues to be a valuable asset for everyone within the industry.

Last year's Flat season showcased some amazing talents on the track, none more so than at Ascot, where Raven's Pass crowned a memorable year with his show-stopping victory over Henrythenavigator in the Queen Elizabeth II Stakes (sponsored by Sony). The sheer quality of that renewal was confirmed when those two filled the first two spots in the Breeders' Cup Classic at Santa Anita in October.

Equally, who will ever forget Yeats's magnificent third Gold Cup victory or Duke of Marmalade's remarkable winning sequence that included the Prince of Wales's Stakes and the King George VI & Queen Elizabeth Stakes?

Speaking of the "King George," I am particularly delighted to welcome Betfair as sponsors of this great race in a five year deal which has enabled us to increase the prize money on offer in 2009 from £850,000 to £1,000,000.

Prize money for the Royal Meeting has also been increased this year, by £450,000 to £4,450,000. For the first time, £1,000,000 will be available on the opening day, Tuesday 16th June, which hosts three Group One races.

The Prince of Wales's Stakes and Golden Jubilee Stakes both increase in value by £75,000 to £450,000 in 2009.

Since the Global Sprint Challenge was launched in 2005, prize money for the King's Stand Stakes and Golden Jubilee Stakes has increased annually (and doubled since 2005) to reflect their growing international significance. The King's Stand Stakes, Europe's most international race with 12 runners from outside Europe since 2005, has been increased in value by £50,000 to £300,000, a rise that has also been applied to the remaining four Group One races at Royal Ascot.

There is one change to the Pattern this year, with the Bahrain Trophy, run over a mile and five furlongs at Newmarket's July Festival, promoted to Group Three status.

I look forward to welcoming you to Ascot in 2009.

# INTRODUCTION

This book is an encyclopaedia of the best Flat races in Britain and, indeed, of all of those which entitle the placed horses to black type in international sales catalogues. However, it must never be forgotten that our Pattern is part of the European Pattern, the structure of which is well worth repeating from last year's introduction.

The Flat Pattern is divided into Groups on the following basis:

Group 1 - The Classics and other championship races of major international importance.

Group 2 - The races just below championship standard and having international importance.

Group 3 - The balance of the Pattern races, primarily of domestic interest and including Trial Races.

In order to cater for those horses not quite of Pattern standard but still markedly superior to the average horse, a fourth category, the Listed race, was formed. All these races are subject to regulation by the British Flat Racing Sub-Committee and any changes and promotions to Pattern races have to gain approval at the annual January meeting of the European Pattern Committee.

It follows that, particularly for Group 1 and Group 2 races, there will not always be an opportunity in Britain for every horse over every distance every month. The British Group 1 and 2 races are fitted into a European jigsaw alongside those which are run in the other full members of the European Pattern Committee: France, Ireland, Italy and Germany. Historically, and as a result of the quality of the races which take place here, a higher number of Pattern races of every Group occur in Britain than in any of the other European countries.

Much has been said and written over the past year about the predominance of foreign trained horses in British Group 1 races. Of the 32 Group 1 races in Britain in 2008, 22 were won by horses trained abroad (18 of them from Ireland). It would be excellent if our home trained horses were invariably the best in Europe. However, of more importance, for the long term health of British racing, is that a preponderance of the best contests take place here, attracting the best competition from around Europe and beyond. British racing could never be well served by a structure which permitted the locals to win all the races but meant that the best horses were going elsewhere.

This top quality programme is only possible if prize money for the top contests remains competitive in comparison with Europe and, so far as possible, with the rest of the world. This is not easy in the face of competition from other leisure and sponsorship opportunities, and the alternative funding mechanisms found in other racing jurisdictions. Accordingly continuing and heartfelt gratitude is due to the sponsors, the racecourses and to the Horserace Betting Levy Board for maintaining and boosting these essential prize funds.

The current minimum values for Pattern and Listed races are set out below, but very many races are run for prizes considerably in excess of the minimum, and so they have to

be, in order to maintain their pre-eminence.

The minimum values are as follows :

Group 1	(3yo+)	£200,000	(2yo)	£170,000
Group 2	(3yo+)	£100,000	(2yo)	£80,000
Group 3	(3yo+)	£65,000	(2yo)	£50,000
Listed	(3yo+)	£40,000	(2yo)	£30,000

This has been a quiet year for changes to the British Pattern. As mentioned in Johnny Weatherby's foreword, the Bahrain Trophy has been upgraded to Group 3. In addition, the Strensall Stakes will be run this year at the York Ebor meeting, after which its impact upon other Pattern races nearby in the programme must be assessed.

There is one new Listed race, but two others have failed to make the grade and have had to relinquish their Black Type status.

Threefold thanks are due: firstly as ever to all the race sponsors, whose support will be all the more critical in these difficult financial times; and then to Ascot Racecourse for their steadfast support of this book; and thirdly to Philip Freedman who has retired after five years as Chairman of the Flat Racing Sub-Committee (and many years as a member before that) and whose encyclopaedic knowledge and wise judgement will long be missed.

## **EUROPEAN PATTERN COMMITTEE**

### **AIMS**

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

### **MEMBERSHIP AND ADMINISTRATION**

1. The Committee includes five member countries: France, Germany, Great Britain, Ireland, and Italy, represented by their respective racing authorities: France Galop, the Direktorium für Vollblutzucht und Rennen, the British Horseracing Authority, Horse Racing Ireland (HRI), and the Unione Nazionale Incremento Razze Equine (UNIRE). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual classifications produced by the World Thoroughbred Racehorse Rankings Committee (WTRRC) of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WTRRC including a co-Chairman.

## **GROUND RULES**

### **1. GENERAL RULES FOR RACES IN THE EUROPEAN PATTERN**

Every race in the European Pattern must conform to the following rules:-

1. It must have no indigenous conditions.
2. It must have a permanent element within the race title, to which a prefix or suffix may be added.
3. It must justify its grouping by the quality of its runners, assessed primarily by its Pattern Race Rating.

4. A Pattern Race Rating is the average of the Annual Ratings achieved by a race over a three-year period. The Annual Rating is the average of the official ratings, as agreed by the WTRRC, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Annual Ratings. If a race is abandoned during any three-year period, the Pattern Race Rating will be calculated using the average of the three most recent Annual Race Ratings available.

The Pattern Race Ratings below are the standard which a race should achieve to justify Pattern status:

<b>Group 1</b>	<b>Group 2</b>	<b>Group 3</b>
115	110	105

For certain races, however, other parameters will apply as follows:

**3-y-o's or older fillies and mares' races**

<b>Gp1</b>	<b>Gp2</b>	<b>Gp3</b>
110	105	100

**2-y-o races (other than fillies' events)**

<b>Gp1</b>	<b>Gp2</b>	<b>Gp3</b>
110	105	100

**2-y-o fillies' races**

<b>Gp1</b>	<b>Gp2</b>	<b>Gp3</b>
105	100	95

5. Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
6. Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.

## **2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN**

For the purposes of the Ground Rules, changes are defined as:-

1. Any change to the Group of a Pattern race.
2. Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
3. Any change to the permanent element in the name of a Pattern race.

4. Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
5. The introduction of a new Pattern race.
6. The deletion of an existing Pattern race.

### **3. RULES GOVERNING EUROPEAN PATTERN RACE CHANGES**

#### **(a) Upgrading of Existing Pattern Races and the Creation of New Pattern Races**

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and shall be waived only in exceptional circumstances and with unanimous agreement.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

1. To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on the same date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
2. An application for upgrading a race which has been abandoned once within the last three years may only be submitted if both of the last two Annual Ratings meets the required parameter.
3. A race shall be eligible for promotion if the race in question achieves both a Pattern Race Rating and an Annual Rating for the last year in excess of the applicable parameter.
4. An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
5. No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
6. The upgrading of any race already in the Pattern must be approved unanimously by the Committee.
7. A Listed race satisfying the requirements for admission to the Pattern must be introduced as a Group 3 race.
8. The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.

9. Where a country has no more than 10% of its Pattern races with a Pattern Race Rating below the required parameter, the following rules will apply:
  - (a) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of two new races in any one year.
  - (b) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of five upgrades in any one year.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with a Pattern Race Rating below the required parameter.)
10. Where a country has more than 10% of its Pattern races with a Pattern Race Rating below the required parameter, the following rules will apply:
  - (a) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of one new race in any one year, but only if none of its existing Group 3 races has a Pattern Race Rating which is more than 3lb below the required parameter.
  - (b) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of one upgrade in any one year, but only if none of its existing Group 1 or 2 races has a Pattern Race Rating which is more than 3lb below the required parameter.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with a Pattern Race Rating below the required parameter.)
11. Any country deleting a race or races from its Pattern may introduce an equivalent number of new Pattern races in the year of the deletion providing that the race(s) fulfils the necessary requirements and is approved by a majority of the Committee. This provision however will not extend to any race which is being automatically downgraded.
12. Any country downgrading a race or races within the Pattern may upgrade an equivalent number of Pattern races in the year of the downgrade providing that the race(s) fulfils the necessary requirements and is approved unanimously by the Committee. This provision however will not extend to any race which is being automatically downgraded
13. Applications for new races to be admitted into the Pattern from associate members, or from any other country wishing to become an associate member, will be considered on their individual merits and must be approved by a majority of the Committee.

**(b) Downgrading or Deleting Pattern Races**

The following rules shall apply to the downgrading/deletion of Pattern races:

1. The Secretariat shall send formal warning letters to the relevant Racing Authorities in respect of those races whose Pattern Race Rating has fallen more than 3lbs below its parameter. Any downgrades/deletions shall be decided by a majority vote if the Pattern Race Rating remains more than 3lbs below the parameter for the second consecutive year and providing the provisions for automatic downgrading outlined in parts 2 and 3 below do not apply.
2. Any Group 1 race with an Annual Rating more than 5lb below its parameter for each of the last three years will be subject to a formal warning letter to the relevant Racing Authority and will then be downgraded if its Annual Rating is still more than 5lb below its parameter for the fourth consecutive year. Such downgrading will be automatic unless a material change in conditions (i.e. distance, age, sex restriction or date) is proposed in which case it may be given one final year to achieve the required Annual Rating.
3. Any Group 2 or Group 3 race with an Annual Rating more than 3lb below its parameter for each of the last two years will be subject to a formal warning letter to the relevant Racing Authority and will then be downgraded if its Annual Rating is still more than 3lb below its parameter for the third consecutive year. Such downgrading will be automatic unless a material change in conditions (i.e. distance, age, sex restriction or date) is proposed in which case it may be given one final year to achieve the required Annual Rating.
4. The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern race by the country concerned. However, no country will have any right of veto in such circumstances.
- c. In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:
  1. The ratings of the four highest rated horses in any race as well as the first four to finish.
  2. The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.
- d. The following rules shall apply to any other amendments defined as changes to Pattern races:
  1. Any change to the distance, age or sex restriction, date or venue of a Pattern race must be approved unanimously by the Committee.
  2. Any change of surface, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.

#### **4. LISTED RACES**

The Committee will be informed at the Annual Meeting of the total number of Listed races in each country and any proposed increase in the number of Listed races will be discussed by the Committee prior to the additional Listed status being granted by the country concerned.

The Committee will also review the quality of all Listed races based upon the Race Ratings for the last three years.

Any Listed race whose Annual Rating fell below the stipulated level for three consecutive years should have its Listed status removed unless a material change in conditions (i.e. distance, age, sex restriction or date) is proposed, in which case it may be given one final year to achieve the required Annual Rating:

- Listed races for 3-year-olds or older other than those confined to fillies and mares: 95
- Listed races for 3-year-olds or older fillies and mares: 90
- Listed races for 2-year-old other than those confined to fillies: 90
- Listed races for 2-year-old fillies: 85

Any country which fails to strictly adopt this procedure will not be permitted to increase its total number of Listed races.

#### **5. WEIGHT-FOR-AGE AND SEX ALLOWANCES**

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member countries.

#### **6. NOTIFICATION & IMPLEMENTATION OF CHANGES**

1. All Pattern race proposals for the following year must be notified to the Secretariat by December 1st for immediate circulation to all member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
2. Proformas for upgrades/promotions must be completed in full and returned to the Secretariat as soon as all the information is available. The Committee may reject any Pattern race proformas returned with incomplete information.
3. Changes shall be implemented for the immediate season if accepted according to the Ground Rules.

4. Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to the Pattern.

## **GROUND RULES FOR BRITISH LISTED RACES**

The British Horseracing Authority, through the Flat Racing Committee, will ensure that the integrity and the value of all black-type in Great Britain is maintained. As such, the rating parameters utilised to adjudge Listed races in Britain will be adhered to strictly and any races which are felt to be underperforming will lose their Listed status. In order to clarify the protocol concerning the downgrading of any domestic Listed races, the Flat Racing Committee will be working to the following rules with immediate effect:

A Listed race will have the Listed status removed if such a race has:

- A three-year average rating which is more than 3lb below the required parameter

**together with one of the following two:**

- Each of the last three annual ratings are below the parameter,

Or

- Two of the last three renewals have an annual rating which is more than 5lb below the parameter.

In such cases the race will lose its Listed status immediately (i.e. for the following year).

The Flat Racing Committee retains the right to deviate from these Ground Rules in exceptional circumstances.

It should also be noted that as far as Listed Handicaps are concerned, the Committee will utilise the ratings of the four highest rated runners when calculating the race rating, rather than the first four placed horses

## SCALE OF WEIGHT FOR AGE FOR FLAT RACES - (NORTHERN HEMISPHERE BRED)

NOTE: Attention is drawn to the provisions of Order 91 (vi)

The scale of weight for age is published by authority of the Directors of the British Horseracing Board as a guide to Clerks of Courses in the framing of races. It is founded on the scale published by Admiral Rous and revised by him in 1873. It has been modified in accordance with suggestions from the principal trainers and practical authorities; it has been further revised since and is republished in its present form.

Expressed as the number of 1 lbs that it is deemed the average horse in each age group falls short of maturity at different dates and distances.
